

ELECTRICAL CALCULATIONS

Developed and taught by NNMIEC Senior Instructor Carlos Roybal, the course provides a detailed look at calculations specific to the electrical industry: wire ampacities, temperature adjusting, voltage drop, box fill, conduit fill, motor calculations and more. The 4-hour course is presented in PowerPoint and approved as Continuing Education for EE-98J certification renewal. Students are encouraged to bring a calculator and a copy of the NEC.

Date:	Friday, May 26, 2023
